Sacred Heart Boys High School

SSC
Marks - 85%

About

About Me

I am Sarvesh Patil, a 20 year old techie living in Mumbai, currently pursuing a B.Tech in Information Technology at SSJ College of Engineering. I've always had a keen interest in computers and making awesome stuff on it. I love facing challenges and there's no better feeling than the one you get after successfully brainstorming your way out of one. I aspire to keep making amazing and hopefully along with a group of equally amazing people.
